

# The Bottom Line

November 2017

## TOP NIGHT AT LAST DROP!

Northern Star's second annual charity ball, held at the Last Drop Village Hotel and Spa on Friday 13th October was a huge success. The sum raised this year is £7,000 and this all goes to Cancer Research UK.

Speaking at the event, Dr Allan Jordan, Head of Chemistry at the Drug Discovery Unit, Cancer Research Manchester Institute, said that fundraising efforts like this are crucial to their ongoing work and research and that they were hugely grateful to Northern Star for the second year running.

The night was compered by Rob Hallam and featured magician David Burgess, comedian Duncan Oakley and band Coalition.

Leigh Dickinson, managing director of Northern Star took the opportunity to thank:

Everyone for coming and donating to a fabulous cause

All raffle prize donors

Dr Jordan for attending tonight and speaking so eloquently

The Last Drop for being a great venue / helping with arrangements

The band for donating their fee back to the charity

MC Rob Hallam

Sarah and Kat from Northern Star for organising tonight

But mostly thanks to Cancer Research UK for their continued and successful fight against cancer - well done guys!

## SPRINGFIELD PARK JUNIOR FOOTBALL CLUB (SPJFC) - DEFIB TRAINING!

SPJFC has recently had donated by Mersey Medical a mobile defibrillator unit for use on match days.

The club, who's secretary is our very own Sarah Buckley, received training on the potentially life-saving equipment by paramedic Gary Eaton (U7 Monsoon coach and one of the original founders of SPJFC) and Rod Cape (member of the Chain of Survival team).

Held at Rochdale Ambulance Station, the session was well attended and the club would like to take this opportunity to thank Gary, Rod, Mersey Medical and the NW Ambulance Service.
